

It's One Trip and Done for the Large-Capacity Bosch XL Cart

It's One Trip and Done for the Large-Capacity Bosch XL Cart

Lightweight materials and easy-to-carry design make for a versatile two wheeler

Las Vegas, Nev., Feb. 3, 2015 – When it's time for a cart on the jobsite, the adage “bigger is better” still applies. The Bosch XL Cart sports a large cargo platform that minimizes the number of jobsite trips, an asset in any work environment. Large boxes and odd-size materials can be moved from work trucks and small vehicles in one trip with two-wheel convenience.

This Bosch cart is easy to fold for portability, allowing the cart to be used anywhere for loading and unloading. Lightweight construction lends itself to ease of use on the job, no matter what the job. The cart folds into a flat profile for easy carrying and storage.

“The XL Cart is a large capacity two-wheeler that’s built to handle both the heavy load and the rough terrain of a jobsite,” said John Rose, product manager, metal cutting, BOSCH POWER TOOLS. “But it’s a cart that’s compact enough to be easily portable.”

Maneuverability is Key

Rugged tubular steel construction ensures the Bosch XL Cart can withstand large loads, heavy use and heavy capacity. Handles move out of the way for stowing, but are large enough to offer better maneuverability when in use. Additionally, handles can be moved into flat profile for transport and storage.

To learn more about the Bosch XL Cart or to find a local dealer, visit www.boschtools.com or call 877-BOSCH-99. Check out www.bethepro.com for additional tips and videos.

About Bosch:

The Bosch Group is a leading global supplier of technology and services, active in the fields of automotive technology, energy and building technology, industrial technology, and consumer goods. According to preliminary figures, more than 281,000 associates generated sales of 46.4 billion euro (\$61.6 billion) in 2013. The Bosch Group comprises Robert Bosch GmbH and its more than 350 subsidiaries and regional companies in some 60 countries. If its sales and service partners are included, then Bosch is represented in roughly 150 countries.*

Its operations are divided into four business sectors: Automotive Technology, Industrial Technology, Consumer Goods, and Energy and Building Technology. This worldwide development, manufacturing, and sales network is the foundation for further growth. In 2013, Bosch applied for some 5,000 patents worldwide. The Bosch Group's products and services are designed to fascinate, and to improve the quality of life by providing solutions which are both innovative and beneficial. In this way, the company offers technology worldwide that is "Invented for life." Additional information on the global organization is available online at www.bosch.com, www.bosch-press.com, and <http://twitter.com/BoschPresse>.

**Due to a change in legal rules governing consolidation, 2013 figures can only be compared to a limited extent with 2012 figures. Exchange rate: 1 EUR = \$1.32812 (or 16.96406 MXN or \$1.36837 CAD).*
