

Bosch DDH361 36V Brute Tough™ 1/2" Cordless Drill/Driver and HDH361 36V Brute Tough™ 1/2" Cordless Hammer Drill/Driver Deliver Both Power and Protection

Bosch DDH361 36V Brute Tough™ 1/2" Cordless Drill/Driver and HDH361 36V Brute Tough™ 1/2" Cordless Hammer Drill/Driver Deliver Both Power and Protection

From day-to-day construction tasks to the toughest concrete and metal applications

Mt. Prospect, Ill., November 21, 2017 – The Bosch DDH361 36V Brute Tough™ 1/2" drill/driver and corresponding Bosch HDH361 Brute Tough™ 1/2" hammer drill/driver deliver corded tool power and performance in a versatile cordless tool.

The Bosch DDH361 36V drill/driver supplies 885 In.-Lbs. of max torque and no-load rpm of 0-1,800 to handle jobs all over the jobsite. The Bosch HDH361 36V Hammer Drill/Driver delivers 885 In.-Lbs. of max torque, a no-load bpm of 0-27,000 and a no-load rpm of 0-1,800. This is one hammer drill that can handle tough materials that range from concrete to metal.

At only 4 lbs. for DDH361 and 4.25 lbs. for HDH361 (tool only, not including battery), these tools are easy to carry and maneuver on the job. Each has two speed settings – one for high-power tasks (0-420 rpm) and one for high-speed drilling (0-1,800 rpm).

The Bosch DDH361 36V drill/driver and Bosch HDH361 36V hammer drill/driver feature Bosch-exclusive Kickback Control, an integrated acceleration sensor that limits tool rotation by detecting sudden movement and shutting down the motor. The feature mitigates injury risk in bind-up situations.

The tools also include a 25+1 precision clutch for more accurate fastener driving and reduced over tightening. Not only will the user see fewer damaged screw heads and bits, but longer life and less wear on the tool. In addition, the tools are built with an all-metal chuck to stand up to severe jobsite conditions and provide high clamping force to stop bit slippage. A 360° Sure-Grip side-assist handle features a tongue-and-groove locking structure to increase control and manageability. And the tools are made with flexible Durashield housing that's designed to withstand accidental drops on concrete.

The Bosch 36V drill/driver and Bosch 36V hammer drill/driver include Bosch-exclusive Electronic Cell Protection (ECP) that protects the battery against overload, overheating and deep discharge for longer life. Likewise, Bosch Electronic Motor Protection (EMP) protects the motor against overload with integrated temperature management. A four-pole brushed motor not only makes the tools more powerful, but also more efficient in battery usage.

Bosch DDH361 36V Cordless Drill/Driver and HDH361 36V Cordless Hammer Drill/Driver Fact Box

Product	Max rpm	Weight	Kit Includes	Rating	bpm	Price
Bosch DDH361 36V Brute Tough™ Cordless Drill/Driver	0-1,800	4 lbs. Bare Tool	Two 36V 4.0 Ah FatPack batteries, 36V charger, side-assist handle, double-ended driver bit, case	36V	N/A	Bare tool US: \$499 Canada: \$629
Bosch HDH361 36V Brute Tough™ Cordless Hammer Drill/Driver	0-1,800	4.25 lbs. Bare Tool	Two 36V 4.0 Ah FatPack batteries, 36V charger, side-assist handle, double-ended driver bit, case	36V	0-27,000	Bare tool US: \$529 Canada: \$659

About Bosch

Having established a regional presence in 1906 in North America, the Bosch Group employs nearly 32,800 associates in more than 100 locations, as of December 31, 2016. In 2016 Bosch generated consolidated sales of \$13.7 billion in the U.S., Canada and Mexico. For more information, visit www.boschusa.com, www.bosch.com.mx and www.bosch.ca.

The Bosch Group is a leading global supplier of technology and services. The company employs roughly 390,000 associates worldwide (as of December 31, 2016) and generated sales of 73.1 billion euros (\$80.9 billion) in 2016. Its operations are divided into four business sectors: Mobility Solutions, Industrial Technology, Consumer Goods, and Energy and Building Technology. As a leading IoT company, Bosch offers innovative solutions for smart homes, smart cities, connected mobility, and connected industry. It uses its expertise in sensor technology, software, and services, as well as its own IoT cloud, to offer its customers connected, cross-domain solutions from a single source. The Bosch Group's strategic objective is to create solutions for a connected life, and to improve quality of life worldwide with products and services that are innovative and spark enthusiasm. In short, Bosch creates technology that is "Invented for life." The Bosch Group comprises Robert Bosch GmbH and its roughly 440 subsidiaries and regional companies in some 60 countries. Including sales and service partners, Bosch's global manufacturing, engineering, and sales network covers nearly every country in the world. The basis for the company's future growth is its innovative strength. At 120 locations across the globe, Bosch employs 59,000 associates in research and development.
