

Bosch GH012V-08 12V Max Planer Combines Great Design with Impressive Speed for Superior Cordless Performance

Bosch GH012V-08 12V Max Planer Combines Great Design with Impressive Speed for Superior Cordless Performance

Planer is maneuverable, but doesn't lack for power on doors or hardwood

Mt. Prospect, Ill., May 30, 2018 - Ease of use is important in every power tool, but none more than the cordless planer. The handy Bosch GH012V-08 12V Max Planer is designed for easy, balanced operation in a compact design for a cordless planer. At about the same size as a hand plane, the GH012V-08 power planer has 2.2 In. of planing width and a single-pass planing depth of up to 0.08 In. With an efficient Bosch EC Brushless motor, this cordless planer delivers fast stock removal and a smooth finish.

The tool offers long runtime, planing up to 33 Ft. of one-inch wide hardwood per amp hour (Ah). The planer is ideal for a variety of wood application, including door trimming.

- **Click to Tweet:** The handy Bosch GH012V-08 12V Max planer is powerful, compact and lightweight for versatility and ease of use. @BoschToolsNA Bosch #Bosch #PowerTools

The Bosch GH012V-08 12V Max planer features impressive power thanks to its brushless motor. The planer offers fast planing speed of up to 14,500 rpm, and with constant speed circuitry it monitors and maintains speed under load for consistent performance. And because it's a cordless planer, there's no possibility of running out of cord in the middle of a pass. Depth adjustment is quick and easy. The tool can create rabbet cuts of up to 0.7 In.

At only 3.3 Lbs. (tool only, not including battery), the cordless planer is light and manageable. The planer housing is machined from a single piece of aluminum block to ensure stability and to reduce vibration. It's designed with an optimized, deep balance point to help ensure even planing. The tool comes in at just over 10 inches long.

The GH012V-08 planer provides switchable right or left shavings extraction, as well as a collection bag for shavings and a vacuum hose adapter. It also includes an on-board storage compartment for holding a spare planer blade.

The Bosch cordless planer comes with two 2.2 In (56mm) Bosch Woodrazor micrograin carbide planer blades, a blade wrench, a shavings diverter, a shavings bag and a vacuum hose adapter. Battery and charger are sold separately.

To learn more about the Bosch GH012V-08 Planer or to find a local dealer, visit www.boschtools.com or call 877-BOSCH-99. Check out www.bethepro.com for additional tips and videos.
