## The Bosch GLI18V-420 18V Worklight Provides Outstanding LED Illumination Virtually Anywhere on the Jobsite

*Small size, nine-position bracket ensures illumination is go anywhere on the job or at home*

**Mt. Prospect, Ill., August 9, 2016** - There's no place where light is more important than on the jobsite. At 420 lumens, the [Bosch GLI18V-420 18V Worklight](#) provides the brightest illumination in its class with a three LED-design. In addition, it can brighten dark work areas at different angles and offers an adjustable light beam for spot/flood applications.

The three LEDs in this worklight offer the best illumination for a pocket-sized unit so users can light virtually any hard-to-reach, dark-corner work area on the jobsite. And the Bosch GLI18V-420 Worklight provides a dial to adjust light diffusion. Users are able to shine a high-intensity spotlight on a specific area where it's most needed or can turn a control dial to diffuse light in illuminating a larger area.

The Bosch 18V worklight comes with an adjustable bracket, which provides users with nine different light-angle settings. It also includes a hard rubber strap for mounting the worklight to enable targeted illumination of the work area.

"The Bosch GLI18V-420 18V Worklight is a jobsite advantage in a convenient package," said Jim Stevens, product manager, lighting tools, BOSCH POWER TOOLS. "Good lighting is an asset on any jobsite. Bosch GLI18V illumination adds an extra level of versatility that sets it apart from other lighting options."

The Bosch GLI18V-420 18V light works with the Bosch 18V battery system, which provides outstanding continuous runtime of up to 13.5 hrs on the 6.0 Ah battery. The unit is jobsite ready thanks to a tough exterior housing and an aluminum heat sink.
