

Bosch GKT13-225 Track Saw with Plunge Action Delivers Extreme Accuracy for End-to-End Cuts and Plunge Cuts

Bosch GKT13-225 Track Saw with Plunge Action Delivers Extreme Accuracy for End-to-End Cuts and Plunge Cuts

Bosch's track saw's adjustable track guidance mechanism offers exact settings for the perfect cuts with table-saw quality

Mt. Prospect, Ill., Feb. 28, 2019 - An easy-to-transport tool that's ideal for making table saw-quality cuts on sheet goods like laminated particle board and plywood is highly prized on every jobsite for cutting precision. The [Bosch GKT13-225 Track Saw](#) delivers on that need with precision and power, including an adjustable track guidance mechanism that aides cutting angle, cut depth, and plunge and finish angle cutting. The track saw can be combined with optional Bosch tracks (sold separately) to deliver straight fast, finish cuts.

The saw features a single pivot point for bevel cuts from -1° (for slight undercuts) to +47°, so a user employing the track doesn't need to position the saw differently for bevel or non-bevel cuts. The track saw's plunge mechanism ensures plunge cuts with accurate depth of cut thanks to a that displays a scale with both inches and metric increments.

The optional Bosch track system (sold separately) is easy to use by simply aligning the track to the desired cut line. This system is accurate and easy to work with. Bosch offers a full range of attachments to complement the connectable tracks, which are sold separately.

The saw includes an efficient dust extraction design that helps deliver a clean work environment. Blade change on the Bosch Track Saw is fast and easy.

"The Bosch Track Saw offers users a portable, accurate saw that addresses the need to precisely cut sheet goods and other wood composite materials on the jobsite or in the shop," said Jim Stevens, product manager, Bosch Power Tools. "This saw is all about productivity, but it doesn't decrease work output at the expense of precision. The Bosch Track Saw meets both precision and efficiency requirements."

Additional Features

The Bosch GKT13-225 Track Saw features a 13-amp motor that delivers plenty of capacity for clean cuts in varied sizes of sheet goods. The track saw includes constant electronic help maintain speed under the load of more-demanding applications. Overload protection safeguards the motor from overheating. The saw includes a swiveling hose port and lock-off release mechanism.

At only 9.8 lbs., the Bosch Track Saw is the easy-to-transport alternative to having a table saw to a jobsite. The saw comes with a large Bosch L-Boxx-4 carrying case for quick packing and protection of the investment.
