

Bosch RH328VC-36 Bulldog™ 36V 1-1/8" SDS-plus® Rotary Hammer Delivers on the Promise of Maximum Productivity, Battery Runtime and Comfort

Bosch RH328VC-36 Bulldog™ 36V 1-1/8" SDS-plus® Rotary Hammer Delivers on the Promise of Maximum Productivity, Battery Runtime and Comfort

Bosch Active Response Technology teamed with advanced vibration control offers extra protection on the job

Mt Prospect, Ill., March 22, 2016 – All rotary hammers are not created equal, and none offer the one/two punch of 36V power combined with battery runtime, user comfort and innovative features that make the Bosch RH328VC-36 Bulldog™ 36V 1-1/8" SDS-plus® Rotary Hammer a standout.

- **[Click to Tweet:](#)** .@BoschToolsNA RH328VC-36 Bulldog 36V Rotary Hammer delivers on the promise of productivity, battery runtime and comfort <http://ctt.ec/GNOMp+>

The Bosch RH328VC-36 Bulldog provides maximum productivity with 2.4 ft/lbs of impact energy for fast, consistent drilling and chiseling in concrete. The vibration-dampened handle provides maximum comfort working all day, but it's the Active Response Technology that separates the RH328VC-36 from the pack. Active Response Technology is a sensor-based technology that shuts the tool off should the bit get into a bind situation.

The tool also offers Electronic Precision Control (EPC), which provides users precise drilling thanks to the advantage of 70 percent power soft-start. That means virtually no walking and no skating when it's time to drill holes in precise locations. EPC also helps in controlled chiseling/demolition where only a portion of the concrete or brick needs to be removed. The hammer's multi-function selector includes three operation modes: rotary

hammer, rotation only and hammer only.

What's the advantage of 36 volts? When it comes to drilling holes in concrete all day, the Bosch 36V system provides the highest available all-around drilling speed and battery runtime – exactly what contractors demand. No contractor wants to be stuck on a lift working overhead or far away from fully charged batteries and have the tool stop. The Bosch 36V BAT838 4.0 Ah battery provides added power to meet stringent jobsite requirements in concrete and delivers all-day runtime.

Powerful Motor, Optimum Capacity

The rotary hammer's powerful four-pole motor is lightweight and compact for a cordless hammer, but is optimized for large-tool performance. Thanks to vibration dampening and dust sealing, the motor is designed for maximum performance and legendary Bosch durability.

The Bosch RH328VC-36 Bulldog Rotary Hammer includes variable-speed trigger with reversing, which means accurate bit starting as well as another option for removing fasteners or bound bits. Vario-Lock™ Positioning allows the user to rotate and lock a chisel into 40 different positions. An LED light is included for drilling in reduced-light environments.

Typical applications include drilling in concrete for setting anchors for the commercial mechanical, electrical and plumbing trades, drilling in concrete for setting forms/rebar doweling for concrete construction, drilling/chiseling in brick/masonry materials and through-hole drilling in foundation walls for running small-diameter pipe for electrical / plumbing.

To learn more about the Bosch RH328VC-36 Bulldog™ 36V 1-1/8" SDS-plus® Rotary Hammer or to find a local dealer, visit www.boschtools.com or call 877-BOSCH-99. Check out www.bethepro.com for additional tips.

Bosch RH328 Bulldog 36V 1-1/8" Rotary Hammer Fact Box

Product	Length	Weight	Maximum Capacities	Rating	Load	Price
Bosch RH328VC-36 36V 1-1/8" SDS-plus® Rotary Hammer	13.5 in	9.9 lbs	1-1/8" solid bits in concrete; 2-3/4" thin wall core bits in brick / block; steel, 1/2"; wood, 1-1/8"	36V	RPM 0-1150; BPM 0-4170	US: \$749 Canada: \$899

About Bosch

Having established a regional presence in 1906 in North America, the Bosch Group employs some 28,700 associates in more than 100 locations, as of April 1, 2015. In 2014, Bosch generated consolidated sales of \$11.3 billion in the U.S., Canada and Mexico. For more information, visit www.boschusa.com, www.bosch.com.mx and www.bosch.ca.

The Bosch Group is a leading global supplier of technology and services. It employs roughly 360,000 associates worldwide (as per April 1, 2015). The company generated sales of \$65 billion (49 billion euros) in 2014. Its operations are divided into four business sectors: Mobility Solutions, Industrial Technology, Consumer Goods, and Energy and Building Technology. The Bosch Group comprises Robert Bosch GmbH and its roughly 440 subsidiary and regional companies in some 60 countries. Including its sales and service partners, Bosch is represented in roughly 150 countries. This worldwide development, manufacturing, and sales network is the foundation for further growth. In 2014, Bosch applied for some 4,600 patents worldwide. The Bosch Group's strategic objective is to create solutions for a connected life. Bosch improves quality of life worldwide with products and services that are innovative and spark enthusiasm. In short, Bosch creates technology that is "Invented for life."*

Exchange rate: 1 EUR = \$1.32850

**The sales figure disclosed for 2014 does not include the former joint ventures BSH Bosch und Siemens Hausgeräte GmbH (now BSH Hausgeräte GmbH) and ZF Lenksysteme GmbH (now Robert Bosch Automotive*

Steering GmbH), which have since been fully acquired.

Bosch in North America

In the U.S., Canada and Mexico, the Bosch Group manufactures and markets automotive original equipment and aftermarket products, industrial drives and control technology, power tools, security and communication systems, packaging technology, thermotechnology, household appliances, healthcare telemedicine and software solutions. For more information, please visit www.boschusa.com, www.bosch.com.mx and www.bosch.ca.

About Robert Bosch Tool Corporation

Robert Bosch Tool Corporation, the Power Tools Division of North America, was formed in January 2003 when Robert Bosch GmbH combined its North American diverse power tool and accessories businesses into one organization. As a manufacturing pioneer with more than a century's worth of experience, the Bosch name has become synonymous with engineering excellence. Located throughout North America as part of the global power tools division, Bosch associates maintain a legacy of world-class design, manufacture and sale for power tools, rotary and oscillating tools, accessories and measuring tools. For more information, call toll-free 877-BOSCH-99 (877-267-2499) or visit www.robertboschtoolcorporation.com.
